August Junior Programme Terms & Conditions

Players are able to attend up to a maximum of 3 sessions per week. If some groups still have space 48 hours before they start then you will be allowed to book extra sessions.

All sessions will be limited to a maximum of 8 players per group. We reserve the right to limit groups to less than 8 if we feel appropriate (The Lawn tennis Association does now allow up to 15 players per group but we want to keep the size smaller at this time).

Players do not have to attend the say sessions each week-you are free to pick and choose which sessions suit you best.

Sessions will be available to book on the website a week in advance on the following dates so that sessions do not get booked up weeks ahead and therefore not allowing others the chance to book;

Monday 27 July 10am

Monday 3 August 10am

Monday 10 August 10am

Monday 17 August 10am

Payment is required by BACS before you will be allowed to book onto any sessions.

Refunds or credit will not be offered for any sessions cancelled due to bad weather as there are lots of groups available to book during the month so we feel the offer is very good value for money.

If a player books onto a session and either cancels on very short or no notice (unless due to exceptional circumstances) more than once you may not be allowed to book future sessions and no refund will be offered.

Session Guidelines

Players will be asked to hand sanitise before and after the session and asked to maintain social distancing at all times. If you feel your child cannot social distance on a regular basis please do not sign up.

Players and coaches are now allowed to handle the tennis balls. The balls will be disinfected after each lesson and players are advised to avoid touching their face as much as possible. If you would like your child to bring a set of their own balls to use for activities where they are required to handle the balls (e.g. serving, individual exercises) then that is fine. If you would like to purchase some tennis balls just let us know in advance of the session.

If 2 sessions are running back to back then the first session will finish 5 minutes early so players have time to pack up and leave the court before the next players enter.

Before the session, please ensure that you child has been to the toilet (so they are less likely to need the toilet during the lesson) and that they have washed their hands thoroughly.
